- Click the 'Configure' button to go to module settings.

Configuration:

- To go to the Todotix payment settings, please navigate to Module => Module Manager.
- Locate the todotix module or type todotix in the search box, now you can see the module.
- Click the 'Configure' button to go to module settings.

- **Enable/Uninstall:** To enable/disable the module, click the drop down in the configure button and you can see disable/enable, reset and uninstall options.
- **App Key:** This key must be obtained from **libélula / todotix** gateway.
- **Api Url:** This url also will be shared by **libélula / todotix** to you.
- **Order Prefix:** Provide prefix to prevent duplicate identificador error if you are using the same App Key on more than one site.

 Settings updated

This module allows payments with todotix payment gateway securely.

 SETTINGS

* App Key

This key must be obtained from todotix

* Api Url

This url also will be shared by todotix to you

* Order Prefix

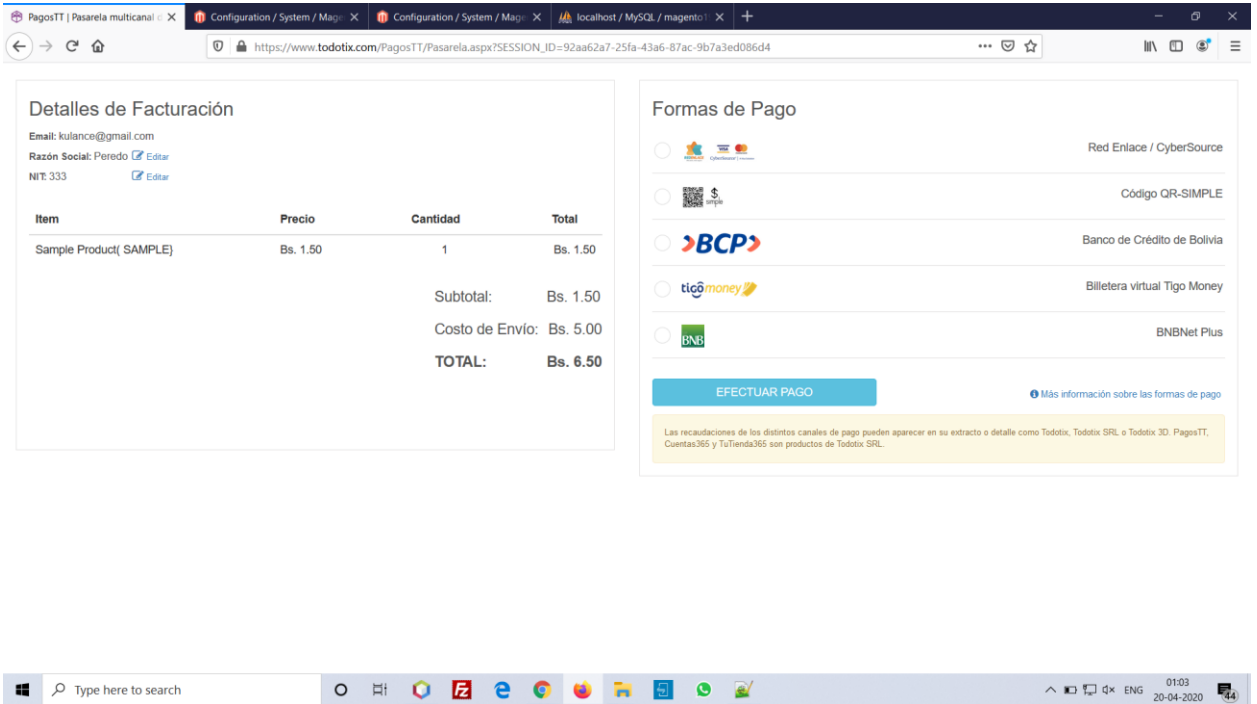

This helps to avoid erro "Ya existe otra deuda activa registrada con ese mismo identificador"

Frontend

- Add an item to the cart.
- Navigate to the Cart page.
- And then navigate to the Checkout page.
- And select the Todotix as payment option in the payment selection step.

✓	PERSONAL INFORMATION	 edit
✓	ADDRESSES	 edit
✓	SHIPPING METHOD	 edit
4 PAYMENT		
<input type="radio"/>	Pay by Check	
<input type="radio"/>	Pay by bank wire	
<input checked="" type="radio"/>	Pagos Todotix	
	Allows payments with todotix payment gateway securely	
<input type="checkbox"/>	I agree to the terms of service and will adhere to them unconditionally.	
ORDER WITH AN OBLIGATION TO PAY		

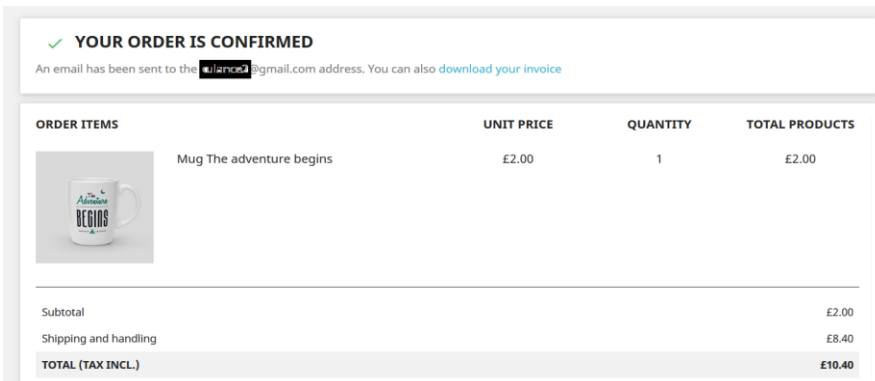

- On placing an order, the module will create a transaction request to the gateway, if all passed data is passed are valid/correct and then the gateway returns a redirect URL. The gateway page will look like below:

- After payment is successful in the gateway, it will redirect to the callback URL we sent to gateway while creating the transaction.

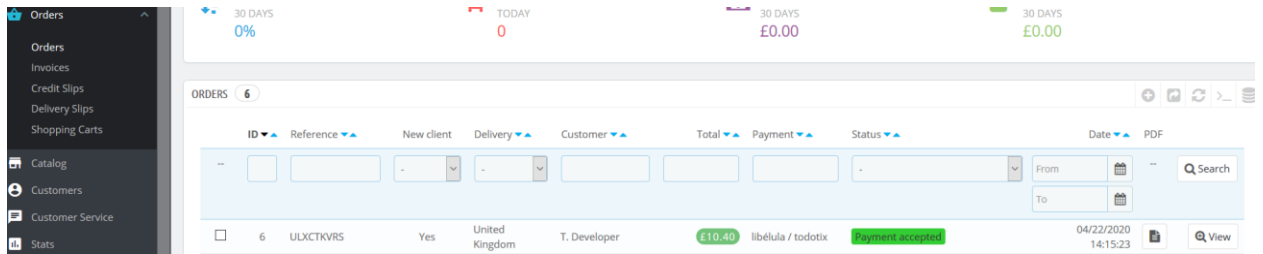

This callback URL will handle the response received from the gateway. Based on the response, we will update the order status as processing or cancel the order.

After order is canceled, they will be redirected to the checkout page again and if order is successful then they will be redirected to the success page.

Admin

- Navigate to Orders => Orders to view the orders.

- View an order which used 'Todotix' as payment option.
- Todotix payment information will be displayed and including the invoice link from gateway.
